The experience of flavours

There is a whole different taste when you dine with us. Long moments to be savored in an elegant and relaxed atmosphere, discovering the simplicity of traditions and indulging in the typical products of Italian cuisine. The flavour and appeal of the freshest and finest ingredients are enhanced by the creative preparations, such as smoked food and homemade pasta by our Chefs, Massimo Gonnella and Adriano Grech. True pleasures to smell, taste and enjoy. Nothing less than a perfect culinary experience, modern but also ancient in its way of sensing every nuance of flavour. To enjoy without needing to hurry, but respecting the times and ways of nature and that of our traditional recipes. A real Italian dining experience.

Castelmagno DOP, Piedmont

Semi-hard cheese, aged 4-6 months, flavour from medium to sharp intensity. *It is an ancient cheese with Protected designation of origin (PDO) status from the north-west Italian region Piedmont. Produced from whole cow's milk, obtained from cattle of the Piedmontese breed fed on fresh forage or hay from mixed meadows or pasture.*

Caciocavallo Podolico del Gargano, Apulia

Hard cheese, aged 18-24 months, flavour from low to medium intensity. *The caciocavallo podolico is a noble cheese, produced exclusively with milk from Podoliche cows, not used in the kitchen but eaten on its own. It is extraordinarily suited to aging, and it is only after several months that it takes on its unique sensory characteristics; notes of cut grass, bitter flowers, vanilla and spices make this one of the most aromatic aged cheese in Italy.*

Pecorino di Fossa PDO, Marche

Semi-hard, grainy, intense and piquant with notes of tufaceous humus and mushrooms. *This cheese of ancient origins is still matured following the old traditions. Ripened in circular trenches dug out of the tufa subsoil. Each piece is unique, deformed, rich in nuances both in appearance and in taste.*

Gorgonzola Piccante PDO, Piedmont

Soft blue-veined cheese, aged 2-3 months, sharp intensity with spicy undertones. *A veined Italian blue cheese, made from unskimmed cow's milk. The Gorgonzola is said to have been born in the 12th century. Today mainly produced in the northern Italian regions of Piedmont and Lombardy. Recognized by the European Community and registered in the list of PDO products.*
